

Pilton Equalities Project

“PEP is committed to an inclusive culture of continuous improvement and partnership with its service users, volunteers, statutory agencies and other organisations. Investing in Volunteers accreditation reinforces this commitment.”

✓ The benefits of iV for our organisation

Focusing on volunteering has helped us reevaluate our systems and strive for better processes.

It puts good practice at the forefront and reminds everyone at the organisation of the benefits and value of our volunteering programme.

We are proud to hold this accreditation and were keen to renew.
