

STARS Dorset

What a brilliant journey of reflection, bringing the whole organisation together to shape the future of volunteering'

The benefits of liV for our organisation

For the staff it was really beneficial for them to understand the impact of the volunteer team on the organisation and to highlight how important they are.

For the volunteers themselves it is important to show that we are investing in their experience and always looking for ways to develop future ideas. For the volunteers involved, it was a great chance for them to give feedback.

Trustees can use the report and findings to help with their future planning and direction of volunteering at STARS. The findings highlight the positive experiences volunteers have at STARS which is reassuring.

External partners will see the award advertised and discussed within our volunteering opportunities. This may encourage them to get involved with volunteering or within the wider organisation.
